

# Temporary Health Precautions

Phase 2  
Effective 7/15/2020

## Health Check

Families will be asked if anyone in their household has a cough, runny nose, or fever.

Children will be evaluated for cough of any kind, fevers above 99.9 degrees, complaints of tiredness, body aches, or other symptoms of illness

## Hygiene

Per the state of Montana mandate we request parents/guardians wear masks & observe social distancing during drop-off and pick-up.

Masks will be worn by staff when checking in and out.

Children will be asked to wash hands upon entry into the classroom, after using the toilet, and before/after any meals.

Pacifiers, blankets & items from home should only be brought when absolutely necessary and will be returned to the child's bag at the teacher's discretion.

Classroom and all toys will be cleaned with Force of Nature daily.

## Dino Cleaning

All Learning Centers use FORCE OF NATURE.

Force of Nature is an EPA registered disinfectant & sanitizer as effective as bleach that's registered for use in hospitals. It kills 99.9% of viruses and bacteria & can be used against 2019-n-CoV in accordance with CDC guidance on hard, non-porous surfaces. UV Air scrubbers have been installed in buildings where ever possible.

All toys and surfaces are sanitized daily. Toys have been split and are only put out every 3 days in rotation.

Cloth items in the classroom are sprayed daily and washed in a sanitization cycle weekly.
